6. BACKGROUND: (WHY IS THE ACTION NECESSARY, WHAT GOAL WILL BE ACHIEVED)

A solicitation for bids for a 2019 full size, 4 wheel drive, 4 door SUV was publicly advertised by Panama City Beach Fire Rescue and five bidders responded. Staff has reviewed the bids and deemed three of the bids to be unresponsive as the size of the motor does not meet the bid specifications. Of the two responsive bids, the low bidder was Garber Chevrolet in the amount of \$35,291.00. Additionally, Panama City Beach Fire Rescue publicly advertised and solicited bids for emergency lighting and related installation of such lighting for the aforementioned SUV. HG2 Emergency Lighting was the only bid received in the amount of \$6,343.00. The total cost of the vehicle including related emergency lighting and installation of such lighting is \$41,634.00. Sufficient funds were included in the FY 2019 budget for this purchase.

Staff requests to piggyback on the above bids for two additional SUVs and emergency lighting including installation so that all command staff have fully equipped vehicles with appropriate emergency lighting at their disposal to facilitate response times in emergency situations. The cost of the additional two vehicles is \$83,268.00. This expenditure was not included in the FY 2019 budget; however, the department did budget for a new fire engine in the amount of \$600,000.00 and the actual cost of such engine will be \$497,084.09. The budget excess of \$102,915.91 will be re-allocated internally to cover the cost of (2) additional SUVs.

STAFF RECOMMENDS the purchase of (3) 2019 full size, 4 wheel drive, 4 door SUVs from Garber Chevrolet at a cost of \$105,873.00. Additionally, STAFF RECOMMENDS the purchase of emergency lighting and the related installation from HG2 Emergency Lighting for (3) SUVs at a cost of \$19,029.00. The total cost for the vehicles and emergency lighting is \$124,902.00. Adequate funds are available in the fiscal year 2019 budget.
