ADDENDUM NO. 1

PCB22-04 ITB SCADA SYSTEM INTEGRATION QUESTIONS

1. In Section III, 4 Implementation Schedule, Paragraph C & D;
Based on our experience, and the fact you are consolidating 5 separate Wonderware applications to one new VTSCADA application the 21 days to complete all the programming conversions, develop databases, graphic displays, reports.... ; then complete all integration in 15 business days, this is not a realistic timeline.

We respectfully request paragraph C & D each time be extended to 30 - 45 days.

A. The timeframe to complete is extended to 30 days.

2. Are additional pages allowed to be included with the Bidder's Qualification Form?

A. Yes

3. Is the expectation that this project's system integration will only take three weeks?

A. See #1 above.

4. Are there scoring criteria that will include qualifications and experience? If so, please share.

A. No, this is not a qualifications-based selection.
