NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PANAMA CITY BEACH:

SECTION 1: From and after the effective date of this ordinance, Section 7.02.01 of the City's Land Development Code related to the Pier Park Overlay District, is amended to read as follows (new text blue and underlined, delete text ~~red and -struckthrough~~):

7.02.01 Pier Park Overlay District

- A. The Pier Park Overlay District is a sub-district of the CH district and is comprised of that portion of the Pier Park Community Redevelopment Area described upon attached Exhibit A of Ordinance Number 1023.
- B. **Setbacks.** In addition to all other applicable requirements of this Zoning Ordinance, **New Development** in the Pier Park Overlay District must meet the following **Lot** and **Building** requirements. In the event of an inconsistency between the provisions of this section and the other requirements of the **LDC** or the City of Panama City Beach **Code of Ordinances**, the provisions of this section shall control.
1. Minimum **Setbacks**:
 - (a) Front Beach Road, Panama City Beach Parkway and Powell Adams Road: twenty-five (25) feet
 - (b) All internal Roads: five (5) feet
 - (c) Minimum **Side Setbacks**: zero (0) feet
 - (d) Minimum **Rear Setback**: ten (10) feet plus four (4) inches per each foot of **Building Height** over forty (40) feet.
- C. **Maximum Impervious Surface:** Eighty (80) percent, excluded from all computations is the **City** property west of the west boundary of Pier Park Drive. **Impervious Surface** may be clustered such that the **Impervious Surface** ratio exceeds 80% for a given **Parcel**. In order to cluster, the impacted property owners must submit to the **City** for approval a plan which shows which **Parcels** (receiving **Parcels**) will exceed the Eighty (80) percent **Impervious Surface** ratio and which **Parcels** (sending

Parcels) will remain less than the Eighty (80) percent *Impervious Surface* ratio. The aggregate of sending and receiving shall in no case exceed the Eighty (80) percent *Impervious Surface* ratio. The exclusive purpose of this limitation is to limit the intensity of *Development*; accordingly, for the sole purpose of this calculation and no other purpose, stormwater ponds may be considered pervious areas.

- D. **Sidewalks.** Sidewalks may be constructed of any material providing a hard, level and non-skid walking surface capable of supporting an imposed load of one hundred (100) pounds per square foot.
- E. **Signs.** In addition to all other applicable requirements of this *LDC*, the following sign regulations shall apply to *New Development* in the Pier Park Overlay District. In the event of an inconsistency between the provisions of this subsection and the other requirements of this *LDC* or the City of Panama City Beach *Code of Ordinances*, the provisions of this subsection shall control.

Nevertheless, each separately owned or operated business establishment located within a *Building* containing multiple business establishments shall be permitted one (1) *Building Sign* or *Canopy Sign* and one (1) hanging (but not swinging) *Projecting Sign*, each to advertise that business and each the same size as if in a *Shopping Center*, provided such *Building* has a *Frontage* and such *Signs* are located on the *Frontage* side of the *Building*.

In addition, the rear (but not the side) of such a *Building* with a *Frontage*, that is the side opposite the *Building Frontage*, may be considered a separate "rear *Building Frontage*" for the purpose of permitting one (1) square foot of *On-Premises Building Sign Area* to be placed on the rear of that *Building* for each linear foot of "rear *Building Frontage*," provided that the aggregate *Area* of all such rear *Building Signs* shall not exceed thirty percent (30%) of the area of the rear side of that *Building*. The maximum number of such rear *Building Signs* at any given time shall be the greater of three (3) or the number of tenants or separate businesses operating within the *Building* at that time. The manner of determining the number and aggregate size of such rear *Building Signs* shall be as for ordinary *Building Signs*. A rear *Building Sign* advertising the branded name of a business currently operating anywhere within the Pier Park Overlay District shall be considered an *On-Premises Sign* for the purpose of this section.

(b) **Alternative two.** *On-Premises Building Signs* as specified in this subsection.

(c) **Alternative three.** A single *Building* occupied by one or more business establishments shall be permitted one (1) square foot of aggregate *On-Premises Building Sign Area* for each linear foot of the perimeter of the heated and cooled space of that *Building* by which to advertise the business or businesses operating within that *Building*. A **Sign** advertising the branded name of a business currently operating anywhere within the Pier Park Overlay District shall be considered an **On-Premises Sign** for the purpose of this subsection.

 - (a) A temporary **Banner** covering a **Sign** which has been damaged by windstorm or other casualty shall be permitted, provided such **Banner** is displayed for no more than (i) the forty-five (45) day period following such windstorm or casualty or (ii) the one hundred eighty (180) day period following such windstorm or casualty provided that at all times after the forty-fifth (45th) day the owner or person entitled to possession of such damaged sign has entered a binding, arms-length contract for the total repair or replacement of such damaged **Sign** and the reason such contract has not been completed is in no way attributable to any act or omission of such owner or person entitled to possession of such damaged **Sign**.
 - (b) Permanent, decorative standards placed and maintained by the master developer of the Pier Park Overlay District or by an association representing the majority of the business occupants of the Pier Park Overlay District, shall be permitted upon public or common light poles, provided that such standards bear a common or related design
