Services	qty	unit price	amount
6 Ton BARD unit	2.0	\$16,000.00	\$32,000.00

Project Details:

Equipment Installation:

- *Installation of two BARD HVAC units model number W72AY-C0ZXPXX3J.
- *Proper placement and mounting of units to ensure optimal performance and airflow.
- *Connection of units to existing ductwork and electrical systems.
- *Testing and commissioning of units to verify functionality and performance.
- * Coastal Factory coating on evaporator coil and condenser coil.

Old Unit Removal and Disposal:

- *Removal and environmentally responsible disposal of existing HVAC units.
- *Proper handling and disposal of refrigerants in compliance with environmental regulations.

Equipment Turnaround Time:

*Please note that there is an estimated 8-10 week turnaround time for the procurement and delivery of the equipment. This timeframe ensures that we can provide you with high-quality products and seamless installation services.

Warranty Coverage:

- *The installed units will come with a 1-year comprehensive parts and labor warranty.
- *Additionally, the compressors will be covered by a 5-year warranty for added peace of mind.

Documentation and Handover:

- *Provision of all necessary documentation, including warranty information and user manuals.
- *Demonstration of unit operation and maintenance procedures to ensure proper ongoing care.

Customer Satisfaction:

- *Our team is committed to ensuring your complete satisfaction with the installation and performance of the HVAC units.
- *We welcome any feedback or questions throughout the process and beyond.

Services subtotal: \$32,000.00

Total **\$32,000.00**
